

Reflector Infrared BR40, PAR38

250BR40 IR/1 120V 4/1

Philips Family of Specialty Incandescents provide the perfect light for dramatic accents and display lighting as well as general lighting in a variety of applications. Philips Infrared lamps are suited for heating and drying in industrial and commercial applications. These incandescent, gas-filled infrared heat lamps come up to full temperature almost immediately, eliminating costly warm-up time. Highly efficient heat generators that produce a minimum of light rays and a high amount of infrared radiation. The BR40 lamp provides a built-in reflector for radiant energy control.

Product data

General information		Light technical	
Cap-Base	E26 [Single Contact Medium Screw]	Beam Description	Spot
Operating Position	Universal [Universal]	Operating and electrical	
Main Application	Infrared	Power (Rated) (Nom)	250 W
Gas Filling	Gas	Voltage (Nom)	120 V
Footnote Incandescent 1	Average laboratory life in excess of 5000 hours. In-service life depends upon service conditions. (27)	Mechanical and housing	
Footnote Incandescent 2	Do not allow hot bulb to come in contact with liquid or metal parts of the fixture, as glass may shatter. Do not use outdoors. Do not operate in close proximity to flammable materials or those adversely affected by heat or drying. Operate only in heat resistant sockets. (87)	Bulb Finish	Clear
Footnote Incandescent 3	Circle E-The encircled E means this bulb meets Federal minimum efficiency standards.	Cap-Base Information	Aluminum [Aluminum Base]
Rated Lifetime (Hours)	5000 h	Filament Shape	C-9 [Pendant]
		Bulb Shape	BR40 [BR40 (BR40)]
